

RITE NOW @ ROP

Camping is an ageless tradition across America, however many of our students are not fortunate enough to have this experience. Hillcrest Academy staff had the pleasure of accompanying nine of our RAMS to Hocking Hills State Park as an end of summer celebration. Through the help of fundraisers, such as a bake sale and car wash, along with donations, Hillcrest Academy was able to provide this once in a lifetime experience to some of our RAMS.

The students participated in various activities that included an introduction to nature, hiking, fireside story telling and s'mores, tubing down the lazy river, and the students favorite activity, paintball. On the way back to campus, some of the students commented that this was the best outdoor experience they have ever had! With such great feedback, enthusiasm, and staff dedication, Hillcrest Academy plans to make this an annual outing for our RAMS.
