

RITE NOW @ ROP

Hillcrest Academy is proud of the program and services that we provide to our student-athletes and families. We wanted to share our pride by opening our doors to placing agencies and families for our annual Open House. Attendees learned more about our program and received a tour of the campus. The Open House wrapped up with parent-teacher conferences. In addition, customers were able to meet and greet the management team and enjoy lunch with their student-athletes.

Hillcrest Academy was fortunate to have several stakeholders attend this annual event. Everyone that attended the Open House left with a gift bag and some even left with a door prize! This event highlighted the team first culture at Hillcrest Academy, as it required coordination and contribution from every department on campus.

Hillcrest Academy would like to thank each and every person who contributed to or attended this event. We are looking forward to next years Open House!
